Textile

Media	Application	Description	Size	Code
PictureTex 145 FR wb LAt ex / PVC FREE	Light polyester for trade fairs, decorations, stage construction, window dressing, displays	The `little brother` of PictureTex 235 wb: Light, white textile for brilliant photo prints with saturated colours. The fast-drying material is compatible with all water-based and latex inks. It is flame retardant (FR effect) and the B1 certificate means it can also be used at trade fairs.	145 g - 91.4 cm (36') - 45.7 m 145 g - 106.7 cm (42') - 45.7 m 145 g - 152.4 cm (60') - 45.7 m	11494617 11335440 11661703
PictureTex 235 wb LAt ex / PVC FREE	Robust, handleable polyester for trade fairs, decorations, stage construction, banners, displays, ceiling hangers	The `big brother` of PictureTex 145 FR wb: Bulky, white textile for brilliant photo prints with saturated colours. The fast-drying material is compatible with all water-based and latex inks. It is flame retardant and features the so-called FR effect.	235 g - 91.4 cm (36') - 30.0 m 235 g - 106.7 cm (42') - 30.0 m 235 g - 127.0 cm (50') - 30.0 m 235 g - 152.4 cm (60') - 30.0 m	11382094 10554933 11492284 11042725
Outdoor Flag wb PVC FREE	Strike through polyester textile, with a backing, for short-term outdoor flag applications	The unique flag material for water-based inkjet printing using pigmented inks. The prints on the front of this material are extremely brilliant, yet provide 40% strike through, which is why the material is ideal for outdoor flags.	110 g - 106.7 cm (42') - 15.2 m	10730517

Outdoor Banner

Media	Application	Description	Size	Code
Smart Banner wb	Fabric-reinforced PVC banner for durable outdoor banner applications	Matt white, `heavy tarpaulin` (720g/sqm), perfect if you also intend to produce banners for outdoor applications (up to 12 months) using pigmented water-based inks (e.g. HP Z series). The scratch-resistant, dense coating provides a basis for saturated, stable prints with zero reflection. Smart Banner wb is almost 100% opaque due to its bulk.	510 mic - 91.4 cm (36') - 20.0 m 510 mic - 106.7 cm (42') - 20.0 m 510 mic - 127.0 cm (50') - 20.0 m 510 mic - 137.0 cm (54') - 20.0 m 510 mic - 152.4 cm (60') - 20.0 m	16776837 16796523 16469772 16514808 16863702
ScrimVinyl Banner wb	Matt white PVC banner for outdoor opaque banner solutions, including outdoor	Blockout medium of the `genuine tarpaulin` type, if you would like to produce short term (up to 12 month) outdoor banner applications using pigmented water-based inks (e.g. HP Z series). The high quality, dense coating provides the basis for saturated, stable prints with zero reflection, but full saturation.	395 mic - 91.4 cm (36') - 12.19 m 395 mic - 106.0 cm (42') - 15.24 m 395 mic - 127.0 cm (50') - 15.24 m 395 mic - 152.4 cm (60') - 15.24 m	97857647 99017090 97177430 99612273
Polypropylene Banner wb PVC FREE	Matt white coated polypropylene banner for indoor rollup systems. Suitable for water-based dye-based and pigmented inks	World Print Polypropylene Banner wb is the something-that-bit-different solution for indoor banner applications or rollup displays. The matt white coating produces a perfect print result with brilliant colours and also prevents annoying reflections from artificial lighting. The material's white back completes the overall photorealistic look and also gives good opacity. The 230µm thick Polypropylene Banner remains stable in the display and has good lie-flat properties.	230 mic - 91.4 cm (36') - 30.5 m 230 mic - 106.6 cm (42') - 30.5 m	19960728 19605815

Indoor self-adhesive

Media	Application	Description	Size	Code
WonderTack wb PVC FREE	Advertising on smooth, even surfaces. Appliances/casings (e.g. white goods), surfaces in the POS segment	Highly innovative product solution. Waterbased printable, white matt polypropylene film, which adheres without adhesive to smooth, even surfaces. This is due to the unique, microporous sucker technology on the adhering side. Environmentally friendly, reliable and re-usable over and over again.	180 mic - 106.7 cm (42') - 20.0 m 180 mic - 127.0 cm (50') - 20.0 m	10568866 19810768

Media	Application	Description	Size	Code
RigiTack FR wb	Advertising on smooth and structured, flat and slightly curved areas. Appliances/casings, furniture, white goods and other objects in the POS segment (indoor)	Exclusive to World Print – Brand new, highly innovative product solution! Water-based printable, matt white rigid PVC. Adheres to flat and structured surfaces; may be repeatedly re-positioned.	360 mic - 104.0 cm (41') - 25.0 m	10301412
Gloss Vinyl wb	Indoor surface wrappings, decorations, signage	Specially designed for printing with water-based dye inks, e.g. DesignJet series from HP. The glossy coating gives perfect image performance and makes use of all the colour gamut benefits of printing with pure dye inks. The photo realistic quality is second to none.	90 mic - 91.4 cm (36') - 20.0 m 90 mic - 106.7 cm (42') - 20.0 m 90 mic - 127.0 cm (50') - 20.0 m 90 mic - 137.0 cm (54') - 20.0 m 90 mic - 152.4 cm (60') - 20.0 m	14734349 14313117 14795140 14743313 14303505
Easy Film sticky wb PVC FREE	POS, trade fairs, high quality photo prints (decorative), short to medium-term indoor application	High quality, self-adhesive polypropylene film, suitable for printing with water-based inks (dye: perfect, pigment: limited). When printed with dye ink, the material is extremely resistant to handling with extremely high scratch resistance. World Print Easy Film sticky wb does not even need to be laminated.	200 mic -106.7 cm (42') - 18.3 m 200 mic -137.0 cm (54') - 18.3 m	15649500 15071541

Outdoor self-adhesive

Media	Application	Description	Size	Code
Wonder Vinyl FR wb	Indoor/outdoor matt surface wrappings, product solution for traid fairs etc. straight from the printer	Designed for printing with water-based pigmented inks, e.g. DesignJet Z series from HP. The micro porous coating also allows printing with pure dye inks (please note the special instructions with this). If you are laminating (recommendation: HighProtection Laminate) and would like to finish the cut end - no problem: Wonder Vinyl FR wb won't draw in water. It is also possible to remove up to 3 month later without leaving a residue.	165 mic - 61.0 cm (24') - 20.0 m 165 mic - 91.4 cm (36') - 20.0 m 165 mic - 106.7 cm (42') - 20.0 m 165 mic - 127.0 cm (50') - 20.0 m 165 mic - 137.0 cm (54') - 20.0 m 165 mic - 152.0 cm (60') - 20.0 m	15710489 15400333 15406174 15494520 15401472 15880338
Photo Vinyl wb	Indoor/outdoor glossy surface wrappings, product solution straight from the printer	Very good value and specially designed for printing with water-based pigmented inks e.g. DesignJet Z series from HP. The micro porous coating also allows printing with pure dye inks (please note the special instructions for this) with incredible colour reproduction.	140 mic - 91.4 cm (36') - 30.0 m 140 mic - 106.7 cm (42') - 30.0 m 140 mic - 137.0 cm (54') - 30.0 m 140 mic - 152.4 cm (60') - 30.0 m	19819380 19413622 19749703 19976701
Color Backlit wb PVC FREE	Backlit applications, indoor and outdoor lightboxes	Polyester frontprint-backlit for dye-based and pigmented inks. Super price/performance ratio, high quality image reproduction, moisture resistant, reflection free, fast drying and vibrant colours at an attractive price. Fulfils all requirements perfectly: World Print Color Backlit wb produces impressive results when purely frontlit as well as backlit – thanks to its outstanding light diffusion.	215 mic - 91.4 cm (36') - 30.0 m 215 mic - 106.7 cm (42') - 30.0 m 215 mic - 127.0 cm (50') - 30.0 m 215 mic - 137.2 cm (54') - 30.0 m 215 mic - 152.4 cm (60') - 30.0 m	10114901 10419096 10584683 10419163 10895319
Outdoor Backlit wb PVC FREE	Indoor and particularly outdoor backlit applications, lightboxes, citylights	Polyester film for printing with pigmented water-based inks (e.g. HP DesignJet, HP Z series). A high quality backlit media of 170 mic thickness, particularly designed for outdoor applications.	170 mic - 91.4 cm (36') - 30.5 m 170 mic - 106.7 cm (42') - 30.5 m 170 mic - 127.0 cm (50') - 30.5 m 170 mic - 137.0 cm (54') - 30.5 m 170 mic - 152.0 cm (60') - 30.5 m	12690503 12499172 12185118 12932693 12595913
Blazing Backlit wb PVC FREE	Polyester transparency film for photo-realistic illuminated displays and highest quality backlit applications	Unmatched frontprint-backlit for HP etc. Innovative product solution for use with water-based pigment ink. Fulfils all requirements perfectly: non-reflective, matt white Blazing Backlit wb is just as impressive when purely frontlit as well as backlit – thanks to its outstanding light diffusion properties.	170 mic - 91.4 cm (36') - 30.5 m 170 mic - 106.7 cm (42') - 30.5 m 170 mic - 127.0 cm (50') - 30.5 m 170 mic - 137.0 cm (54') - 30.5 m 170 mic - 152.4 cm (60') - 30.5 m	18050028 18710992 18809775 18276007 18980148
Lightning Backlit wb	Translucent rigid PVC film for photo-realistic illuminated displays and attractive backlit applications	Innovative solution for all backlit applications printed water-based (is compatible with dye and pigment!). Impressive image reproduction on the non-reflective surface.	220 mic - 91.4 cm (36') - 20.0 m 220 mic - 106.7 cm (42') - 20.0 m 220 mic - 137.2 cm (54') - 20.0 m 220 mic - 152.4 cm (60') - 20.0 m	16987721 16015094 16572444 16677359
Translucent Vinyl sticky wb	Indoor and outdoor self-adhesive backlit applications, illuminated displays, lightboxes	A great example for production of self-adhesive backlit graphics on all common water-based printing systems. The matt white material with its micro porous coating ensures absolutely brilliant and at the same time very low reflection graphics.	125 mic - 91.4 cm (36') - 20.0 m 125 mic - 106.7 cm (42') - 20.0 m 125 mic - 127.0 cm (50') - 20.0 m	14915827 10562846 14310118
Clear Vinyl adhesive wb	Ultra clear monomeric vinyl for shop windows, glass doors, indoor and shortterm outdoor transparent surfaces.	The perfect solution for self-adhesive, transparent graphics produced with water-based printing. A particularly unique feature of this World Print product is its incomparable printability: correctly dried, even pigmented inks look crisp and brilliant.	100 mic - 91.4 cm (36') - 20.0 m 100 mic - 106.7 cm (42') - 20.0 m 100 mic - 127.0 cm (50') - 20.0 m 100 mic - 137.0 cm (54') - 20.0 m	11397842 14096812 11461041 14677060

Display film

Media	Application	Description	Size	Code
RollUp Film Universal wb PVC FREE	High quality and stable polyester film with a fine silver back for indoor rollup systems. Suitable for water-based dye-based and pigmented inks	World Print RollUp Film Universal wb is manufactured from polyester with particularly high dimensional stability. This gives the 190 micron thick rollup film good stability in the display and excellent lie-flat properties. The matt white coating prevents annoying reflections from artificial lighting. The silver coating on the back gives 100% opacity and is the perfect finish for the extremely high quality appearance of this rollup film. Graphics on this media are rich in contrast with high strength colours.	190 mic - 91.4 cm (36') - 30.0 m 190 mic - 91.4 cm (36') - 50.0 m 190 mic - 106.7 cm (42') - 30.0 m 190 mic - 127.0 cm (50') - 30.0 m	10065326 15860830 10505304 10758197
RollUp Film Standard wb PVC FREE	Display film for indoor rollup display systems. Ideal for volume jobs produced using water-based dye-based and pigmented inks	The 210 micron thick RollUp Film Standard wb has been designed for use in rollup display systems. The polypropylene film has a special satin matt coating, which produces a good print image. The silver grey back prevents print show-through.	210 mic - 91.4 cm (36') - 30.0 m 210 mic - 106.7 cm (42') - 30.0 m 210 mic - 152.4 cm (60') - 30.0 m	11081652 11794653 11167840
PopUp Film Universal wb PVC FREE	High quality and stable polyester film with a fine silver back for indoor popup systems. Suitable for water-based dye-based and pigmented inks	The dimensionally stable World Print PopUp Film Universal wb is our premium popup film product. It has been designed for the production of high quality popup graphics using water-based dye-based and pigmented inks. Graphics on this media are characterised by deep blacks and strong, high contrast colours. The special, matt white coating prevents annoying reflections and guarantees excellent print results. The silver coating on the back produces a high quality look and 100% opacity.	320 mic - 91.4 cm (36') - 20.0 m 320 mic - 91.4 cm (36') - 50.0 m 320 mic - 106.7 cm (42') - 20.0 m	13810768 15290688 14038694
PopUp Film Advanced wb PVC FREE · NEW PRODUCT	Robust, satin matt polyester film with a gloss silver back for indoor popups. Suitable for water-based dye-based and pigmented inks	The robust World Print PopUp Film Advanced wb with a satin matt coating and gloss silver back has been designed for use in popup systems. The approx. 300 micron thick polyester film reproduces excellent print quality with brilliant colours. Its satin matt surface guarantees photorealistic print and colour reproduction without annoying reflections. The gloss silver, scratch-resistant back rounds off the high quality appearance and gives the material 100% opacity.	300 mic - 91.4 cm (36') - 20.0 m 300 mic - 106.7 cm (42') - 20.0 m 300 mic - 127.0 cm (50') - 20.0 m	12134268 12470955 12646762
PopUp Film Standard FR wb NEW PRODUCT	Robust, B1-certified popup film made of rigid PVC for indoor popups and information counters. Suitable for water-based dye-based and pigmented inks	World Print PopUp Film Standard FR wb with a single-sided matt coating and satin matt white back has been designed for use in popup systems. The rigid PVC is approx. 360 microns thick and reproduces excellent print quality with sharp, brilliant colours. The white, satin matt back provides not only good opacity, but also an all-round acceptable look for this cost-effective popup material. The B1 certificate allows it to be used in public places, e.g. at trade fairs.	360 mic - 91.4 cm (36') - 20.0 m 360 mic - 106.7 cm (42') - 20.0 m 360 mic - 127.0 cm (50') - 20.0 m	12597750 12213290 12722858

World Print Media Supplies Ltd

Color Canvas wb
The canvas revolution for fine art!

- Impressive photo quality on a natural looking fabric structure
- Prints are sharp, gradations are smooth, shadows are really deep
- Matt white, anti-glare coating (polyurethane-acrylic)
- Unmatched mechanical stability: flexible, but does not distort on handling
- Coating is firmly bonded into the surface of the base substrate: good-bye stress whitening!
- Uncompromising top quality at an attractive price.

**Canvas linen is a natural product and may "work".
Test a piece of Color Canvas wb about 1x1 m,
before going into "mass production".**

Water-based Media

Media	Application	Description	Size	Code
Selfadhesive Paper wb	Self-adhesive paper for indoor presentations, POS posters, lowcost advertising media	For all-round application and optimum workflow without the trouble of applying an adhesive. May be printed with all water-based inks (dye/UV, bubblejet/piezo). The ultra white, matt coating allows high ink deposits, so that you can also print saturated colours and dense black. Double the time saving as it's easy to paste.	140 g - 91.4 cm (36') - 20.0 m 140 g - 106.7 cm (42') - 20.0 m 140 g - 127.0 cm (50') - 20.0 m 140 g - 137.0 cm (54') - 20.0 m 140 g - 152.4 cm (60') - 20.0 m	12206381 12615675 12352383 12863962 15086529
ColorStar Paper 180 wb	Heavy posters, presentations, POS and shop window posters, low cost indoor advertising materials	Opaque all-round paper. Printable with all water-based inks (dye/UV, bubblejet/piezo). The ultra white matt coating allows heavy ink deposits and the heavy paper ensures reliable opacity.	180 g - 61.0 cm (24') - 30.0 m 180 g - 91.4 cm (36') - 30.0 m 180 g - 106.7 cm (42') - 30.0 m 180 g - 127.0 cm (50') - 30.0 m 180 g - 137.2 cm (54') - 30.0 m 180 g - 152.4 cm (60') - 30.0 m	17252583 17665214 17480562 17804977 17916113 17508168
ColorStar Paper 140 wb	Posters, presentations, POS and shop window posters, low cost indoor advertising materials	The low cost all-round paper. Printable with all waterbased inks (dye/UV, bubblejet/piezo). The ultra white matt coating allows high ink deposits, so that you can also print saturated colours and dense black.	140 g - 61.0 cm (24') - 30.0 m 140 g - 91.4 cm (36') - 30.0 m 140 g - 91.4 cm (36') - 90.0 m 140 g - 106.7 cm (42') - 30.0 m 140 g - 127.0 cm (50') - 30.0 m 140 g - 137.0 cm (54') - 30.0 m 140 g - 152.4 cm (60') - 30.0 m	17137626 17499697 17468429 17840653 17907387 17676485 17754508
ColorStar Paper 120 wb	Presentations, POS posters, low-cost indoor advertising materials	Barrier-coated all-round paper. Printable with all waterbased inks (dye/UV, bubblejet/piezo). The ultra white matt coating allows extremely high ink deposits with reliably perfect lie-flat qualities	120 g - 137.0 cm (54') - 30.0 m 120 g - 152.0 cm (60') - 30.0 m	99337163 98023298
TarantellaSmart Paper wb	High quality posters, presentations, POS and window posters, indoor advertising materials	Barrier-coated all-round paper. Printable with all waterbased inks (dye/UV, bubblejet/piezo). The ultra white matt coating allows extremely high ink deposits with reliably perfect lie-flat qualities	170 g - 91.4 cm (36') - 50.0 m 170 g - 106.7 cm (42') - 50.0 m 170 g - 127.0 cm (50') - 50.0 m 170 g - 137.0 cm (54') - 50.0 m 170 g - 152.4 cm (60') - 50.0 m	14676485 14754508 14589729 14051123 14649900

Artist media

Media	Application	Description	Size	Code
Color Canvas wb	Art prints on stretcher frames, art and photo reproductions, stage construction.	Artist canvas, for impressive photo quality using water-based pigmented inks. The fabric structure has a nice natural effect, as well as an antiglare, matt white, polyurethane-acrylic coating	360 g - 61.0 cm (24') - 18.0 m 360 g - 91.4 cm (36') - 18.0 m 360 g - 111.0 cm (44') - 18.0 m 360 g - 127.0 cm (50') - 18.0 m 360 g - 152.0 cm (60') - 18.0 m	19355304 19936502 19167840 19475214 19509381
Emotion Canvas wb	Art prints on stretcher frames, art and photographic reproductions, stage construction	Satin gloss artist canvas, which is best printed with water-based dye and pigment ink. It is even possible to use solvent ink. The satin gloss coating makes the canvas particularly suitable for image presentations of graphics, art and photo reproductions.	350 g - 61.0 cm (24') - 12.0 m 350 g - 91.4 cm (36') - 12.0 m 350 g - 111.8 cm (44') - 12.0 m 350 g - 127.0 cm (50') - 12.0 m 350 g - 137.0 cm (54') - 12.0 m	16617827 16677060 16096639 16919155 16400333
Composition Canvas wb	Reproductions, high quality art prints, museum and archive printing	Highest quality artist canvas in the water-based segment, acid-free and suitable for dye and pigment ink. The pure white, matt surface of the media looks convincingly like a 'genuine' canvas structure and allows fresh, aesthetic prints.	425 mic - 91.4 cm (36') - 15.2 m 425 mic - 106.7 cm (42') - 15.2 m 425 mic - 137.1 cm (54') - 15.2 m 425 mic - 152.4 cm (60') - 15.2 m	10201428 10728165 10596008 10264513
