

Add value to your print!

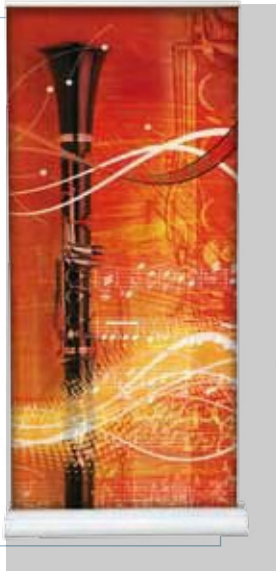

Roll Screen X-Change Design

Time to change the design ...?

Clamping profiles above and below are perfect for frequently changing the image with graphics on film, banner material or textiles.

Meets the most stringent demands and creates a smart look.

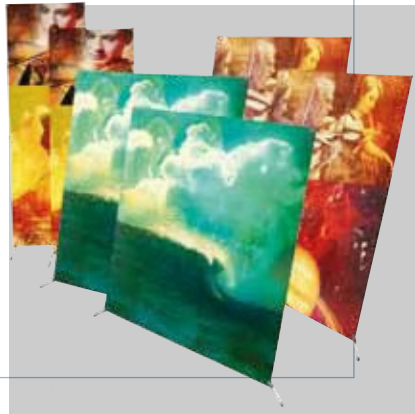

All in all: a high quality rollup display, robust material, precision manufacture, elegant design.

X-Banner All Size

All-round versatile display system

Thanks to an ingenious click-mechanism this display is not only suitable for quick and easy assembly and disassembly, but also provides 6 different display formats.

Exhibition Frame Curved

Professional pop-up display

Complete with discussion and advertising counter (also used as the transport box) – attention-grabbing 2.3m high and 2.7m wide freestanding presentation surface.

Roll Screen Pure

Quality & Design!

It is impressively simple to handle and use: the print is stuck on at bottom and firmly clamped at the top.

Excellent finishing of the polished aluminium eliminates sharp edges.

This product has been developed in association with the experts from World Print and is exclusively available at World Print.

Trend Banner Design

Super-size display system

It's not only the quality design that makes an impact here, but also the SIZE! Weighty base, high quality materials and precision manufacture for a good looking stable support. This display gives you the unique opportunity of being able to present your prints in one piece at a width of up to 200cm!
